

## PRESS RELEASE

dated 28 October 2009 Sydney, Australia

ICSGgroup is pleased to announce that it has signed a Sale Agreement dated 27 October 2009 for the acquisition of Hi-Tek Fittings business (Hi-Tek).

Based in Sydney, Hi-Tek has provided high quality commercial joinery and fit-outs since 1989. The owners, Luigi and Rita Pinna, have established a reputation for fine craftsmanship and uncompromising high standards with a number of high profile flagship projects and blue chip clients. Hi-Tek's clients include architects such as Woods Bagot, Paul Kelly Designs and Jim Buda Architects as well as a number of builders such as Reed Constructions, Deskon Interiors, Built and many others. Their reputation for high quality has led to Hi-Tek recently being awarded and completing joinery works in the Qantas Chairman's Lounge and First Class Lounge in a number of Australian Airports as well as the Sydney Opera House.

*"Since establishing the business in 1989, my aim has been to provide my customers with quality craftsmanship. This approach has ensured my success through word of mouth referrals and recommendations across the building industry", said Luigi Pinna. "I know that the ICSG Management Team shares the same philosophy for high quality and believe that the introduction of their industry contacts, experience and knowledge will take Hi-Tek through an exponential period of new growth and success."*

*"Hi-Tek represents an important addition to the capability of the Group. They provide us with a high quality joinery and fit out capability for unique, high end projects and will also deliver excellent synergies with ARC Projects within our Group", said Marcell Pavlovec, Managing Principal ICSGgroup.*
