

## PRESS RELEASE

dated October, 2011 Sydney, Australia

ICSGgroup is pleased to announce Hi-Tek Projects has recently completed the Fit out of the Grove Juice Factory in Warwick, QLD, in conjunction with Hammagroup Pty Ltd.

*We promise to always squeeze naturally healthy, naturally simple and naturally delicious juice - with **all the goodness left in the bottle!** It is a journey we started more than four decades ago, and it's one that will never end. Because we source fruit from Australia's best summer and winter citrus growing areas (that's north and south!), we strategically set-up camp in south-east Queensland, midway between the summer and winter crops! And because we're a little crazy for fruit, we even started our own farm and planted 250,000 citrus trees (and counting!) in central New South Wales, bringing the farm direct to your fridge.\**

"The Project was an absolute success", said the Northern Region General Manager, Steve Allison.
